

# 2021 Samsung Innovation Award Silver Jubilee Edition

The **Silver Jubilee Edition** is a Multi-IIT event with all our IIT partners from last ten editions.

- ✓ Samsung Innovation Award, organized annually by the Samsung R&D Institute India Bangalore, aims to identify, encourage and reward innovative ideas and projects.
- ✓ We invite student teams, each with 3 members from the same institute, to participate, innovate, and present their best work on the theme.

## METaverse: REALIZING THE VIRTUAL WORLD

Theme for 2021 edition is 'Metaverse.' Do you have an idea at the intersection of physical, augmented and virtual reality? We'd like to hear about it:

- **Core Technologies** such as AR / VR, Vision, Multimedia & Graphics, Photo Realistic Rendering, 3D Spaces and Reconstruction, Immersive Multi-modal Interaction Systems, and enabling technologies such as Communications, Sensor Networks, Common Interfaces and beyond.
- **Experiences** in Gaming, Art and Creatives, Entertainment and Live Events, Tourism, Health and Well-being, Education, Retail and Marketing, Digital Payments and others.
